

## Introduce SMART Technology to your meetings

## MEETING ROOM TECHNOLOGY

*How many hours have you or one of your co-workers wasted on writing down, keying in or disseminating information generated in a meeting?*

In many cases these inefficiencies can be solved by using modern meeting room technology such as SMART interactive whiteboard.

**Used well, SMART technology can energise a meeting with the flip of a switch.**

**SMART Board™**  
interactive whiteboard

## HIGHLIGHTS

### Touch to control your computer

Write, erase and perform mouse functions with your finger, a pen or an eraser – you need no proprietary tools.

### Pick up a pen and write

Pick up a pen or the eraser, and the pen tray automatically detects which tool you've selected. Buttons activate the On-Screen Keyboard, right-click and help function.

### Save your ideas

Capture your work to Smart Board Software as a screen shot that you can edit, or save your notes directly into several software applications, including Windows versions of Microsoft PowerPoint, Word and Excel, or into AutoCAD software.
